

April 19th, 2020.

Until such time as the Ontario government lifts the state of emergency, operations at Library Bound Inc.'s Waterloo facility will be limited.

- Print and A/V selectors based in Ontario will be working remotely. Support staff and management are also available to help you. Please reach out via email if you need assistance.
- Our LBI West facility in Vancouver continues to catalogue and process material.
- Our web ordering platform continues to be fully functional. We are accepting both online and EDI orders, and procuring material from our suppliers.

Thank you for your continuing support in these difficult times.
